

SIOUX CITY CONSORTIUM

FY 2018

Consolidated Annual Plan

and Evaluation Report

Sioux City, Iowa

South Sioux City, Nebraska

Dakota City, Nebraska

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The following are major highlights of the accomplishments from Program Year 4, FY 2018, and attached is a CR-05 Accomplishment Worksheet.

Affordable Housing:

- HOME Tenant Based Rental Assistance (TBRA) Security Deposits provided assistance to 253
 families, more than the expected 200. This program is used to assist Section 8 voucher holders
 and the demand has increased.
- The Sioux City MyPad Down Payment Assistance and South Sioux City Down Payment Assistance programs each offered a down payment assistance program. Staff projected serving 15 households and only ten were assisted, all in Sioux City.
- The goal for creating one affordable owner-occupied housing unit was not met. Staff was in the
 early planning stage to partner with the Siouxland Habitat for Humanity for the construction of
 one new home and a contract was executed for such in June 2019.
- Public Service Activities for LMI Housing includes the CDBG Security Deposit program which assisted 96 families and the Opportunity Rental Assistance program which assisted 11 families.
- Housing Rehabilitation, Emergency Repair, Lead Testing and Lead Rehabilitation were expected to assist 24 homeowners and 47 were assisted.
- The Rental Rehabilitation Facade program expected to assist one unit but it is currently in progress and was not completed by the end of the fiscal year.

Affordable Housing Homeless:

- The Homelessness Prevention and Rapid Rehousing goal was expected to assist 25 households.
 This was far exceeded with 91 households assisted with the ESG Homelessness Prevention and ESG Rapid Rehousing programs.
- The Homeless Person Overnight Shelter goal was 50 persons assisted and there were actually
 829 persons assisted with the ESG Emergency Shelter programs.

Non-Homeless Special Needs:

- The Elderly and Disabled Emergency Repair Program assisted two households.
- The Barrier Removal Program assisted two disabled people.

Non-Housing Community Development:

- Public Facility or Infrastructure Activities: Work in the Rose Hill and Jones Street Urban Renewal
 areas is nearing completion. Construction projects and public improvement projects were
 wrapped up. Rose Hill Public Improvements involved the reconstruction of sidewalk ramps,
 sidewalks, and alleys. A splash pad was also constructed in the Rose Hill Park. Jones Street Public
 Improvements were bid out and construction started in May 2019. The new splash pad
 completed in Cook Park was closed out.
- Public Service Activities: There were 35,680 people serviced with these activities, much more than what was expected. Activities included Midtown Food Pantry (299), Pool Passes (295), Dale Street Summer Camps (113), Street Outreach to the chronically homeless (48), and Police on Bicycles program (34,925) in low income residential neighborhoods.
- Public Service Activities for LMI Housing: The CDBG Security Deposit program assisted 96 families and the Opportunity Rental Assistance program assisted 11 families.
- Job Creation/Retention and Businesses Assisted: No loans were disbursed or jobs created in FY 2018 with the City of Sioux City's revolving loan fund. The City had been experiencing a unique situation in the last few years, as several banks were acquired and new banks entered the market. This made the banking sector temporarily more competitive and looked at funding many smaller projects. It is anticipated that the market will stabilize and more small businesses will seek out the revolving loan program.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected - Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected - Program Year	Actual – Program Year	Percent Complete

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The system for establishing the priority for the selection of projects is predicated upon the following criteria:

- 1. Meeting the statutory requirements of the CDBG, HOME, and ESG programs;
- 2. Meeting the needs of LMI residents;
- 3. Focusing on LMI areas or neighborhoods in the area;
- 4. Coordination and leveraging of resources;
- 5. Response to expressed needs;
- 6. Sustainability and/or long-term impact; and
- 7. The ability to demonstrate measurable progress and success.

Geographic areas play an important role in prioritizing CDBG funds in Sioux City. A priority of CDBG funds is investment in target LMI areas located within Sioux City, such as the Jones Street Urban Renewal Area and Rose Hill Urban Renewal Area.

The City of Sioux City was able to allocate funding to all Goals identified in the Strategic Plan and has made good progress in its fourth year of the five year plan.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

	CDBG	HOME	ESG
White	495	169	479
Black or African American	89	73	127
Asian	14	1	10
American Indian or American Native	127	21	322
Native Hawaiian or Other Pacific Islander	5	0	4
Total	730	264	942
Hispanic	101	25	168
Not Hispanic	479	442	276

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The CDBG programs assisted a total of 863 families of which 43% were minorities (368) and 19% Hispanic (161). The HOME programs assisted a total of 267 families of which 37% were minorities (98) and 10% Hispanic (26). The ESG programs assisted a total of 1036 people of which 54% were minorities (557) and 16% Hispanic (168). Please note that there were people who identified themselves as multiple race that are not reflected in the table above: CDBG 133, HOME 3, and ESG 94. A table is attached, CAPER FFY2018 CR-10 Racial and Ethnic Composition of Families Assisted, that further details the racial and ethnic composition of those assisted with the CDBG, HOME and ESG programs.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made	Amount Expended					
		Available	During Program Year					
CDBG	public - federal	2,753,126	2,557,639					
HOME	public - federal	572,000	814,504					
ESG	public - federal	100,000	164,540					

Table 3 - Resources Made Available

Narrative

A total of \$3,536,683 was expended in Program Year 2018. \$2,557,639 in CDBG funds, \$814,504 in HOME funds, and \$164,540 in ESG funds.

Identify the geographic distribution and location of investments

Target Area	Planned	Actual	Narrative Description

			Public Improvements, Park Improvements,
Rose Hill Urban			Owner Rehabilitation, Lead Testing, Rental
Renewal Area	27	20.83	Rehabilitation

Table 4 – Identify the geographic distribution and location of investments

Narrative

A total of 24.9% of the program resources, not including administration, were spent in the two urban renewal areas, Jones Street and Rose Hill. Major activities in these targeted areas include homeowner housing rehabilitation, public improvements, and public services. A total of 4.93% was spent in a targeted low income area for a new splash pad in Sioux City, Iowa. A total of 69.65% of program

resources were spent on programs offered city-wide within Sioux City, Iowa. These programs include emergency repairs, elderly and disabled emergency repairs, barrier removal, lead hazard rehabilitation, the MyPad homeowner down payment assistance program, rental security deposit assistance and public services. Approximately 1% was spent in South Sioux City, Nebraska on a TBRA security deposit program. South Sioux City also has a down payment homeowner assistance program but no activity was completed in fiscal year 2018. Dakota City, Nebraska has a down payment homeowner assistance program but no activity was completed in fiscal year 2018.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The use of federal funds to leverage additional resources is an important source of project specific value of contributions that are needed to complete projects. The housing rehabilitation programs use state lowa Finance Authority funds, private loans and grants, and homeowner contributions to create successful outcomes. CDBG funds in the amount of \$940,944 leveraged a total of \$613,505 in other funding: \$387,725 in other federal funds, \$182,440 in state/local funds, and \$43,340 in private and homeowner funds.

The Siouxland Economic Development Corporation (SEDC) revolving loan program issues loans to generate economic development actitivies to assist low income people but no loans were issued in program year 2018.

The Sioux City MyPad home ownership down payment program used \$103,286 in HOME funds to leverage a total of \$747,471 in private loans and \$79,943 in owner equity to assist ten families in the ability to purchase homes.

Two programs require matching funds, the HOME program and the ESG program. The HOME match liability for this fiscal year is \$135,365. Match was made from carried over excess match from previous years and three down payment assistance projects.

The ESG program is a 100% matching fund program. The ESG project sponsors provide the 100% match through a variety of non-HUD funds. Match sources for ESG include United Way funds, cash, donations, and salaries paid through non-HUD grant funds and CDBG funds. The City of Sioux City matches ESG administrative costs 100% with CDBG funds.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	2,691,343
2. Match contributed during current Federal fiscal year	17,500
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	2,708,843
4. Match liability for current Federal fiscal year	135,366
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	2,573,477

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be		
provided affordable housing units	25	91
Number of Non-Homeless households to be		
provided affordable housing units	26	47
Number of Special-Needs households to be		
provided affordable housing units	17	4
Total	68	142

Table 11 - Number of Households

	One-Year Goal	Actual
Number of households supported through		
Rental Assistance	300	360
Number of households supported through		
The Production of New Units	5	4
Number of households supported through		
Rehab of Existing Units	26	51
Number of households supported through		
Acquisition of Existing Units	15	10
Total	346	425

Table 12 - Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The total outcomes exceeded the one-year goal but there were differences wihin the subcategories. The number of homeless provided affordable housing units exceeded the one-year goal due to an increase in the needs for those populations. The number of special needs households to be provided affordable housing units was only four, less than the goal of 17, due to many of the projects being classified as emergency repairs under the households supported through rehabilitation of existing units.

The number of households supported though rental assistance programs exceeded the one-year goal by 20%. The rehabilitation of existing units almost doubled with a 96% increase over the one-year goal, partly due to the classification of some elderly households as emergency repairs. The number of households supported through acquisition of existing units actually assisted ten households, less than the expected 15, due to many of the applicants not qualifying.

Discuss how these outcomes will impact future annual action plans.

The total outcomes exceeded the one-year goals by 108.8% and 22.8%. This shows that there is a need in the community for affordable housing units that include rentals, rental assistance, rehabilitation of current homes and new construction. Future annual action plans will be adjusted to reflect these needs and target the vulnerable areas.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	74	221
Low-income	52	31
Moderate-income	32	11
Total	158	263

Table 13 – Number of Households Served

Narrative Information

There were 158 low to moderate income families assisted with CDBG programs and 263 low to moderate income families assisted with HOME programs.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c) Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Sioux City currently has a full-time staff person dedicated to conducting street outreach to unsheltered homeless persons. Many individuals living on the street are chronically homeless with several barriers preventing them from becoming permanently housed. Street outreach staff goes out each day and builds relationships and reaches out to homeless individuals in an effort to gain trust and help reduce barriers in an effort to eventually connect individuals to permanent housing. City staff are also active members of the Coordinated Entry System. When a homeless or near homeless person reaches out for assistance, they are directed to the Coordinated Entry access point. The access point then conducts an assessment, either a VI-SPDAT or a PR-SPDAT, and the person is assigned a vulnerability score. The City of Sioux City, the access point, and other homeless service providers meet twice a month to determine which shelters/programs have openings and those scoring the highest, or most vulnerable, are discussed first to determine if they qualify for any of the openings. All ESG funded agencies provide direct outreach to clients, and so does Coordinated Entry Staff.

Addressing the emergency shelter and transitional housing needs of homeless persons

Bridges West, Welcome Home, and Council on Sexual Assault and Domestic Violence are all ESG transitional housing shelters that provide housing and services for homeless individuals and/or families. Shesler Hall is an ESG emergency shelter that provides housing and services for homeless women with disabilities. Other shelters/services are available that are not ESG funded, including Gospel Mission, Gospel Mission Women and Children's Shelter, Gospel Mission Family Shelter and The Warming Shelter.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

ESG funded shelters employ staff with vast knowledge of other agencies and programs that are available as well as eligibility and application requirements, and make appropriate referrals and assist clients. Services include housing assistance, WIC, Food Assistance (SNAP), housing, SSI, HAWK-I, Veterans Benefits, Head Start and Early Head Start, LIHEAP, food pantries, job search, school districts, GED programs, mental health services and more. Staff are trained to connect clients with all of these

resources.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

ESG funded agencies provide intensive case management to assist individuals and families to overcome barriers that caused them to become homeless. Households are also encouraged to participate in rental assistance programs as part of their plan for becoming permanently housed. A portion of ESG funds are set aside to provide homeless prevention assistance in the event a household falls on hard times and is in need of assistance to prevent the cycle from beginning again.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City of Sioux City offers the following programs:

- Rental Assistance through the Housing Choice Voucher Program (Section 8).
- Rental Assistance through the HOME Tenant Based Rental Assistance Program (TBRA).
- Security Deposit Assistance for eligible applicant and participants in the Housing Choice Voucher Program through the HOME TBRA Program.
- City Wide Security Deposit Assistance for eligible Sioux City residents through the Community Development Block Grant (CDBG) Program.
- Rental assistance for eligible homeless veterans through the HUD-VASH Program in partnership with the Department of Veterans Affairs.
- Support for eligible Housing Choice Voucher participants to meet their economic and educational goals through the Family Self Sufficiency Program (FSS), encouraging the acquisition of tools to achieve self-sufficiency.
- The CDBG Opportunity Rental Assistance program provides short term rental assistance to households that were previously homeless or near homeless.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The Sioux City Housing Authority (SCHA) offers the FSS program which is an employment and savings incentive program for low-income families that have Housing Choice Vouchers. The FSS program is aimed at empowering volunteer families to leave the welfare system or low paying jobs so that they may become financially self-sufficient. The FSS program links SCHA's rental assistance program with various support services to assist participating families in meeting their planned goals over a five year period. Since 1998, over \$494,904 has been disbursed to FSS graduates from their escrow accounts. This money can be used by the graduates any way they choose, but many have made down payments on their first homes.

Actions taken to provide assistance to troubled PHAs

The Sioux City Housing Authority is not a troubled PHA.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Staff work closely with the program agencies to identify and communicate issues to local and state agencies and officials.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

As stated in the 2015-2019 Consolidated Plan, the Consortium continues to partner with other public agencies and nonprofit organizations, when feasible, to leverage resources and maximize outcomes in housing and community development.

Projects are selected using the following criteria:

- Meeting the statutory requirements of the CDBG, HOME and ESG Programs
- Meeting the needs of LMI residents
- Focusing on LMI areas or neighborhoods in the area
- Coordination and leveraging of resources
- Response to expressed needs
- Sustainability and/or long-term impact
- The ability to demonstrate measurable progress and success

A majority of funds are invested in the LMI areas within the three cities. The primary obstacle to meeting underserved needs is the limited funding resources available to address identified priorities. The gap in what households can afford to pay for housing and the price of housing is another obstacle to meeting the needs of the underserved. The Siouxland area has a significant affordable housing stock, yet the income level for individual households such as single parent, elderly, disabled, or others of limited economic means, is often insufficient to afford even the lowest-priced of market-rate units.

An additional obstacle is the limited capacity of City staff and local contractors to design, administer and implement programs to address unmet needs. City staff time and resources are increasingly thin, and the work involved in navigating pathways to funding is considerable. The burden of compliance with federal regulations has been an obstacle to getting resources where they are needed.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City of Sioux City is committed to reducing lead-based paint hazards and has implemented actions to address them. There have been five homes that have had lead-based paint hazards addressed

through the homeowner rehabilitation program. The city has used CDBG funds to match thirty homes enrolled in the HUD-funded Lead Hazard Control Grant program (the City was a recipient of a FY2015 grant).

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The Sioux City Consortium sponsors a variety of programs which have the effect of reducing the number of persons living below the poverty level. FSS also continues to be a goal for the Sioux City Housing Authority which provides self-sufficiency training to interested Section 8 clients. The City will continue the program to the extent that funding remains available. FSS is a HUD program that encourages communities to develop local strategies to help voucher families obtain employment and work toward economic independence and self-sufficiency. This involves work with welfare agencies, schools, businesses, and other local partners to develop a comprehensive program that gives participating FSS family members the skills and experience to enable them to obtain employment that pays a living wage.

Other affordable housing efforts such as the Rose Hill and Jones Street Housing Rehabilitation Programs, Tenant Based Rental Assistance and Security Deposits, and My Pad are offering more families ways to become homeowners, remain homeowners, or establish permanent housing. The ESG Program projects have assisted individuals at the lowest end of the income guidelines and help set families on the path to self-sufficiency. The ESG Homelessness Prevention and Rapid Rehousing Program helped to quickly rehouse families or prevent families from becoming homeless and also allowed for caseworkers to work with families to provide guidance as they worked toward housing stability.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City of Sioux City has actively been recruiting Community Housing Development Organizations (CHDOs) a part of the Sioux City Consortium's housing solutions. Siouxland Habitat for Humanity is currently certified as a CHDO.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Intergovernmental coordination continues to be strong with Sioux City, South Sioux City, and Dakota City participating in the Sioux City Consortium and the Continuum of Care. Additionally, cooperative relationships exist with agencies at the state and federal level.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

A list of all impediments to fair housing choice are on file in the office of the Neighborhood Services Division. Actions taken during FY 2018 to overcome the effects identified include increasing homeownership opportunities for low- and moderate-income persons, persons with disabilities, the

elderly, ethnic and racial minorities, and families with limited English proficiency through the Family Self-Sufficiency Program, MyPad Down Payment Assistance Program and South Sioux City Down Payment Assistance Program. The Consortium partners with Consumer Credit Counseling of Siouxland to provide families considering homeownership with the tools necessary to become successful.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

CDBG Monitoring: Staff monitors CDBG subrecipient activities to ensure that subawards are used for authorized purposes, in compliance with federal statutes, regulations, and the terms and conditions of the subaward, and to ensure that subaward performance goals are achieved.

HOME Monitoring: Staff conducted monitoring of Annual Rent and Occupancy Reports for all rental HOME projects. Also monitored was the status of loan payments, marketing procedures, affirmative marketing, equal opportunity, fair housing, accessibility, tenant selection policies, leases, lead-based paint requirements, and building insurance. Additionally, tenant file inspections and required inspections are conducted on a calendar year basis and will be completed prior to December 31, 2019, of randomly selected HOME rental units.

ESG Monitoring: Desk monitoring was conducted of each subrecipient when payment requests were submitted. Subrecipients are required to submit extensive paperwork and documentation as part of submitting payment requests. A committee consisting of several agencies meets quarterly to review progress toward performance standards and to check the status of grant spending.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

A notice of the availability of the CAPER was published on August 24, 2019, in the Sioux City Journal. The CAPER was made available at the City Halls of Sioux City, Iowa; Dakota City, Nebraska; and South Sioux City, Nebraska.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The Consortium did not make any changes to the program objectives during FY 2018.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Inspections are done on a calendar year schedule. Insepctions completed in 2018 were done prior to June 30, 2018 and were reported in last year's CAPER. Inspections for 2019 will be completed prior to December 31, 2019.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

The Consortium has required all rental projects funded in previous years to adopt a fair housing policy which states that the owner will adhere to all laws which prohibit discrimination in housing and will, in an affirmative manner, market and rent units to all individuals regardless of race, color, religion, sex, age, handicap, familial status, national origin, sexual orientation, or gender identity. The Consortium uses the Equal Housing Opportunity logo on all materials distributed to the public. The City of Sioux City, City of Dakota City and City of South Sioux City have policies regarding nondiscriminatory hiring. The Consortium makes a concerted effort to reach out to members of the community who normally might not apply for the programs because they are very low-income or because of their race, ethnicity, or disability.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Nine projects were completed utilizing a total of \$641,074.18 in program income. Details of those projects are listed below:

IDIS#	Project Type	Amount	Household characteristics
1534	HOME Administration	\$23,169.17	N/A
1518 80% A	My Pad Down Payment MI	\$75.50	Owner-occupied, single non-elderly, white, non-Hispanic,
1539 80% A	My Pad Down Payment MI	\$59.52	Owner-occupied, single non-elderly, white, non-Hispanic,

1540 My Pad Downite, Hispanic, 8	•	\$4,155.67	Owner-occupied, single parent with three children,
1541 My Pad Do 80% AMI	own Payment	\$14,999.00	Owner-occupied, single non-elderly, white, non-Hispanic,
1543 My Pad Do	own Payment 6 AMI	\$76.34	Owner-occupied, single parent with one child, white,
1544 My Pad Do 30% AMI	own Payment	\$4,756.37	Owner-occupied, single non-elderly, white, non-Hispanic,
1528 TBRA Secu all 50% AMI	rity Deposits	\$93,782.61	240 tenants, various household type, race and ethnicity,
1499 Aberdeen 50% AMI	Apartments \$	500,000.00	4 tenants, various household type, race and ethnicity, all

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

HOME funding has been used to establish Tenant Based Rental Assistance (TBRA) to provide limited rental assistance to establish families in permanent housing and a security deposit program that provides one time assistance for deposits. Additionally, the Consortium utilizes HOME funds to provide down payment/closing cost assistance to low-income homebuyers. All households assisted must pass an inspection to ensure the housing is decent and safe.

11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

Please note, the previous section, CR-65, has been left blank intentionally. HUD requires the Sioux City Consortium to report that information in another federal system.

The City of Sioux City and Siouxland Coaltion to End Homelessness Project Monitoring and Development Committee work closely to develop and review performance standards. Agencies are required to report on progress made toward meeting performance standards each quarter. The City and Committee meet each quarter to review performance standards reports. Both ESG and CoC funded agencies are reviewed and evaluated equally. Agencies falling below the performance standard set are required to provide an explanation in writing as to why they did not meet the standard. After responses are received, the City and Committee determine what assistance is needed for the agency to improve and tools, including technical assistance, training, etc., are provided, where appropriate. The following items are measured:

Housing Stability

Earned Income

Other Cash Income

Maintained/Gained/Increased Income

Non-Cash Benefits

Data Quality/Completeness

Data Entry Timeliness at Entry

Data Entry Timeliness at Exit

Shelter Capacity/Utilization

HMIS Bed Coverage/DV Comparable Database

% of ESG Funds Remaining
