PUBLIC COMMENT

Addressing the Council: Persons addressing the Council must use the microphone at the podium. Please raise your hand to be recognized, go to the podium and state your name and address.

Public comments will be taken at the beginning of each agenda item, after the subject has been announced by the presiding officer and explained by staff. Any person who wishes may speak one time for 3 minutes on each agenda item. Public comments will then be closed, and the topic will be given to the governing body for possible action. At this point, only members of the public body and staff may discuss the current agenda item unless the body moves to allow another person to speak and there is unanimous consent. Questions from the body may be directed to staff or a member of the public through the presiding officer. Public comment on items not on the agenda will not be allowed.
